1900 Classifying Households

1910 Aged/Disabled Households

1900 Classifying Households

SNAP Manual 06/15/98

Households will be classified in accordance with the provisions of this section.

1910 Aged/Disabled Household

SNAP Manual ~~02/01/2004~~/04/2025

An aged/disabled household contains at least one (1) member who is age sixty (60) or over or is disabled as defined in the Glossary under “Aged/Disabled”. The household member who is aged or disabled is entitled to a medical deduction as provided in SNAP 6500. Households with an aged/disabled member are entitled to unlimited excess shelter costs. They are not subject to the gross income pretest but must meet the net income standards. See SNAP 7600 for an explanation of net income eligibility.

1919 Broad Based Categorically Eligible Household

SNAP Manual 04/01/2025

Broad Based Categorically Eligibility applies to all SNAP households that receive a non-cash TANF or Maintenance of Effort benefit (See Appendix AA for BBCE information). This allows the resource limit for all households to be increased (See Appendix D). This increase is permitted for a twelve (12)- month period and can only be granted once every five (5) years. After the twelve (12)- month period has been exhausted the standard resource amounts will apply.

1920 Categorically Eligible Household

SNAP Manual ~~6/01/1804~~/04/2025

A categorically eligible household is any household in which all members receive (or are authorized to receive) Supplemental Security Income (SSI) or at least one (1) member receives (or is authorized to receive) a Transitional Employment Assistance (TEA) benefit as defined in SNAP 1920.2. “Authorized to receive” means that an individual has been determined eligible for benefits and has been notified of this determination even though the benefits have not yet been received. The fact that TEA or SSI benefits have been suspended, recouped, or are less than the minimum amount paid will have no impact on a determination of categorical eligibility.

No household may be classified as a categorically eligible household if:

1. The entire household is institutionalized, and the institution is not listed at SNAP 1800 as an institution where residents may participate in the Supplemental Nutrition Assistance Program.
OR
2. Any member of the household is disqualified for an intentional program violation as

defined in SNAP 16600 and SNAP 16800.

No household member will be included as an eligible member of a categorically eligible household if that member is:

- An eligible alien as defined in SNAP 1621.
- An eligible student as defined in SNAP 1622.2.
- Disqualified for failure to comply with a work registration requirement as defined in SNAP 3400.

~~9B~~4310 Uniform Resource Standards

4300 Resource Eligibility Standards

SNAP Manual ~~04/01/2024~~04/04/2025

A household's eligibility will be denied or terminated when the value of the household's countable resources (both liquid and non-liquid assets) exceeds the limit for all households regardless of household size, including households with an individual with disabilities (see glossary definition of sixty (60) years of age or older individuals with disabilities households).

The household is classified as categorically eligible if all household members receive SSI benefits or a combination of TANF and SSI. A combined household of SSI recipients and non- SSI recipients cannot be classified as categorically eligible. However, the individual household members who receive SSI benefits are categorically eligible. This means that any resources owned solely by an SSI recipient are not to be counted when the household's total resources are determined, but all resources owned by the other household members are to be counted. If the resources owned by household members, who do not receive SSI, exceed the resource limit, then the entire household (including the SSI recipient) is ineligible to participate in the Supplemental Nutrition Assistance Program. Co-owned resources will not automatically be excluded under this policy. Instead, the resource will be handled in the same manner as any other jointly owned resource. Please see Appendix D for current resource limits for Regular and Age/Disabled households.

Broad Based Categorical Eligibility applies to all SNAP households that receive a non-cash TANF- or /-Maintenance of Effort benefit- (See Appendix AA for BBCE information). This allows the resource limit for all households to be increased (See Appendix D). This increase is permitted for a twelve (12)- month period and can only be granted once every five (5) years. After the twelve (12)- month period has been exhausted the standard resource amounts will apply.

1. Determine the countable value of the new vehicle (see [SNAP 4800 - 4841](#)).
2. If the vehicle has any countable value, add this figure to the existing resources. If applicable, subtract the countable value of the vehicle used as the “trade-in.”
3. Compare the household’s total countable resources to the applicable resource limits (see [SNAP 4300 - 4310](#)).
4. If the household’s total countable resources are less than the limits, the household continues to be eligible. If not, close the case.

Liquid Resources

If the household’s liquid resources exceed the applicable limit ([See Appendix D](#)) (~~-\$2,250 for regular households or \$3,500 for age 60 or older/individuals with disabilities households~~), the case will be closed unless the household is categorically eligible.
